Hefe Weissbier Dark

A soft and slightly yeasty taste. It pleases through its satisfying balance of malty aroma.

Dark chestnut brown with red and orange hues; Malty, slightly sweet, some chocolate with a slight smoke quality; Smooth taste. Starts of malty, progresses on to be sweet with rich flavors of chocolate and coffee then finishes with a mildly bitter finish.

Kristall Weissbier

The fermentation process allows the beer to remain crystal clear and free of yeast. This gives an effervescent tingling taste.

Pilsner

A traditional German Pilsner. Flowery notes with hints of sweetness with a finish of bitterness round out this beer. Light bodied with a crisp bite, it remains lively and pretty. Clean overall.
